According to Gary Neuman, you can learn why men cheat, prevent your husband from cheating – and you can discern when he's lying about cheating. I think it's more as Andrew said--women care about more than physical attraction. So, if a guy asks a woman out and she's not at all physically attracted to him, but ...Nine Network have a new documentary series to air soon, which involves four men and four women being paired off by relationship experts, and meeting each other. My wife is annoying the way she complains about everything I do from the moment I wake up in the morning till I go to bed at night.
